

Referral Laboratories

NHS Blood and Transplant (NHSBT) Laboratories provides a wide range of specialist diagnostic services. All NHSBT laboratories are regularly inspected and audited by the internal quality team and where appropriate are accredited and regulated by the relevant external agencies such as UKAS, EFI, JACIE and MHRA.

For details of licensing and accreditation of NHSBT laboratories please refer to links below:-

- NHSBT Red Cell Immunohaematology <http://hospital.blood.co.uk/diagnostic-services/red-cell-immunohaematology/licensing-and-accreditation/>
- NHSBT Histocompatibility and Immunogenetics <https://hospital.blood.co.uk/diagnostic-services/histocompatibility-and-immunogenetics/licensing-and-accreditation/>
