e8a13091-58e3-4321-996f-183a81fdbf2f_award	Endoscopy Decontamination Centralisation - Capital Equipment	<p>The Endoscopy Decontamination Department at CDDFT currently operates across three sites producing high-level disinfected flexible Endoscopes for patient use.</p> <p>There are currently 11 Automated Endoscope Re-processors (AER's) in operation: DMH: 4; BAH: 3; UHND: 4, each with 2 chambers. The scopes are cleaned in a single chamber. The AER processors are past their life-cycle age and need urgent replacement. The user departments are encountering reliability issues which are directly affecting patient treatment. The current departments do not currently hold external accreditation for the production process.</p> <p>The decision was made in 2019 to centralize the unit into one site at DMH and make use of the space vacated by the centralization of the CSSD unit into UHND.</p> <p>In March 2021 funding was approved to proceed with the detailed design phase of the construction works required for the centralized unit. This has been completed to RIBA stage 4 by QEF.</p>	<a href="https://www.contractsfinder.service.gov.uk/Notice/e8a13091-58e3-4321-996f-183a81fdbf2f">https://www.contractsfinder.service.gov.uk/Notice/e8a13091-58e3-4321-996f-183a81fdbf2f</a>	Joseph Barron	joey.barron@nhs.net	Maintenance, Repair and Calibration of Medical Equipment	2021/S00-021535

b858601a-430e-4cb2-8a86-5ebef9b58195_award	Provision of an Emergency Asbestos Containing Materials Removal Service - Podium Sporadic Areas	After a site survey delivered by Omega Asbestos Management a contractor is required to provide an asbestos containing materials (ACM) removal service. Asbestos removal is by its nature a highly specialist area of work and if an appointed supplier were not to fulfil their contractual duties, or make a mistake during the contract the results would be very damaging to Trust operations, and reputation. Currently the area which contains the asbestos is out of bounds, it is therefore imperative that work commences quickly.	<a href="https://www.contractsfinder.service.gov.uk/Notice/b858601a-430e-4cb2-8a86-5ebef9b58195">https://www.contractsfinder.service.gov.uk/Notice/b858601a-430e-4cb2-8a86-5ebef9b58195</a>	Joseph Barron	joey.barron@nhs.net	Demolition Services and Including Asbestos Management	2017/S 178-363884
77f585d4-e5bf-4f2d-8b02-a8c5736be628_award	Provision of the Badgernet System	County Durham and Darlington NHS Foundation Trust have a requirement for the provision of a Neonatal System. The neonatal system is a national database used to monitor, audit and code the care of babies in SCBU nationally. There is also a Government led audit NNAP programme which uses the data collected. This system allows continuity of care for babies transferred to regional hospitals.	<a href="https://www.contractsfinder.service.gov.uk/Notice/77f585d4-e5bf-4f2d-8b02-a8c5736be628">https://www.contractsfinder.service.gov.uk/Notice/77f585d4-e5bf-4f2d-8b02-a8c5736be628</a>	Darly Joseph	darly.joseph@nhs.net	Healthcare Clinical Information Systems	2017/S 082-158406

a516a6c2-5fbb-4eaf-92e5-e3ab6ee42cba_award	Purchase of Transportation Trolleys and Height Adjustable Tables	The Central Sterile Service Department currently utilises a range of non-standard equipment for the transportation of sterile and non-sterile instruments between the CSSD and clinical customers Trust-wide. To ensure the safe and compliant movement of surgical instruments, a number of replacement transportation trollies and dispatch boxes are required. Process improvements within the CSSD Washroom have also created an urgent requirement to replace a fixed height table with an adjustable height table, to protect Washroom staff against any risk from repetitive manual handling activities and to support the process improvements. The machines also provide an income for the Trust in the form of a rebate, which is sent to the Trust by the supplier.	<a href="https://www.contractsfinder.service.gov.uk/Notice/a516a6c2-5fbb-4eaf-92e5-e3ab6ee42cba">https://www.contractsfinder.service.gov.uk/Notice/a516a6c2-5fbb-4eaf-92e5-e3ab6ee42cba</a>	Joseph Barron	joey.barron@nhs.net	Architectural Surgical Medical Systems, Operating and Diagnostic Imaging Tables, Patient Stretchers and Trolleys, Medical Lasers and Related Accessories and Services	2019/S 168-410525
